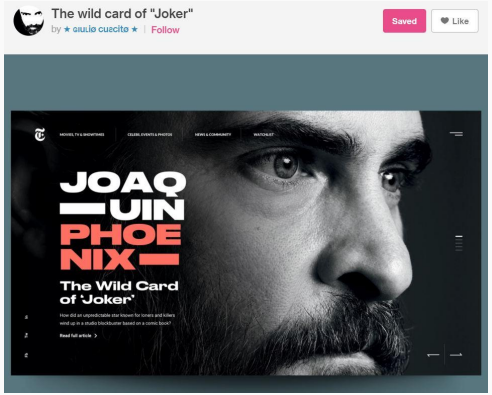
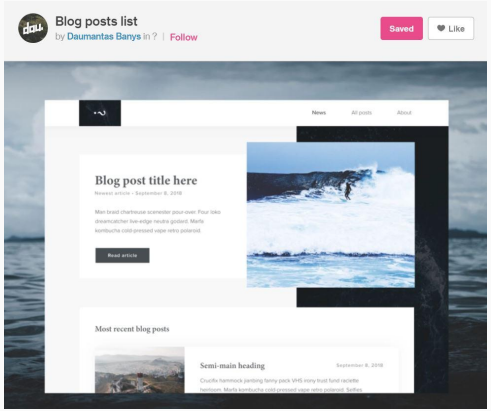
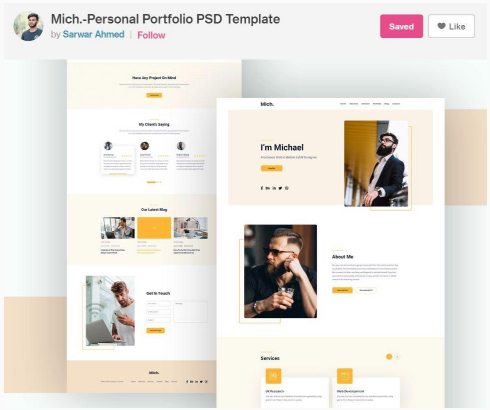
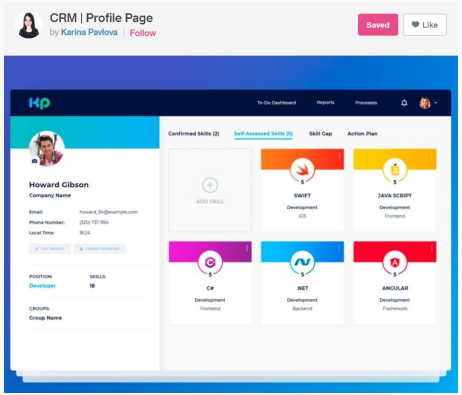
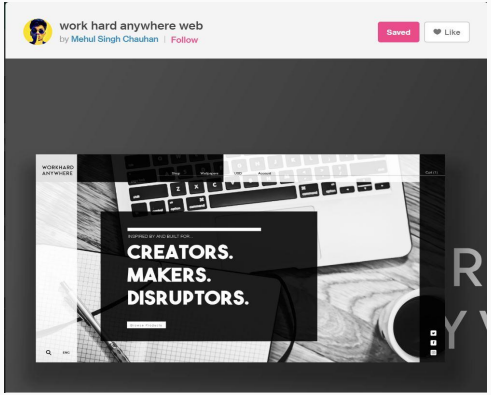
Inspiration



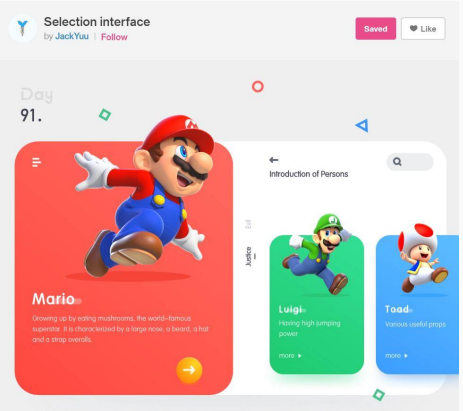


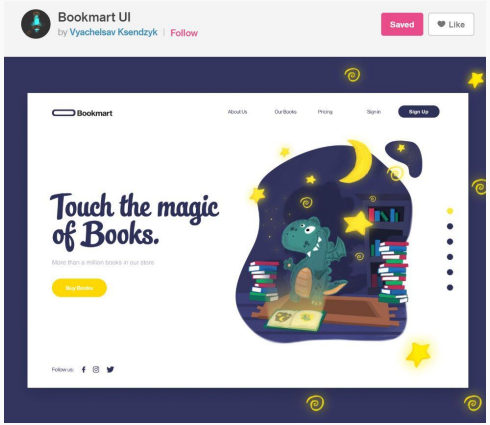


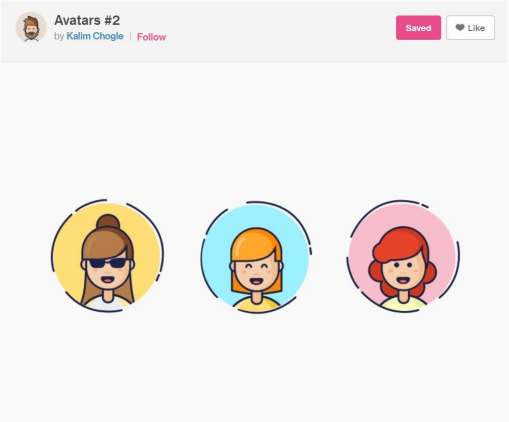


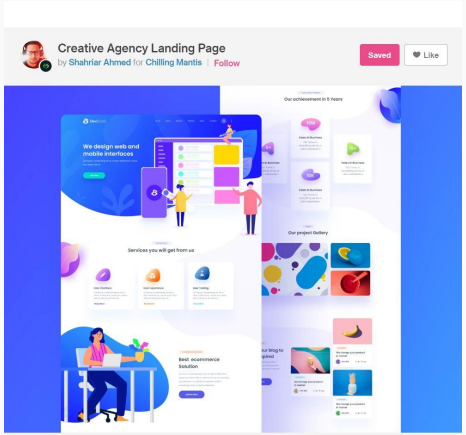


Inspiration









Development/Build Process

Step 1: Gather inspiration and Planning

Step 2: Wireframing and mockups

Step 3: Build and Style

Step 4: Debugging, adjustments -and redesigns

Step 5: Finalise and deploy

Challenges, Ethical issues and Favorite part

Challenges:

- CSS Grids and Flex boxes
- Creating responsive hamburger menu without Javascript or Bootstrap

Ethical issues:

- Using other people’s work or copying specific styles.

Favorite Part:

- Seeing website become responsive!
